Oggetto: REACH REGULATION

In compliance with the EC Regulation 1907/2006 (REACH), La Veneta SpA, as a manufacturer of leather goods, shall notify the presence of SVHC (Substances of Very High Concern) to all Clients, when both the following conditions are met:

- Substances are included in the candidate list approved by ECHA and published on its website (http://echa.europa.eu/chem_data/candidate_list_table_en.asp);
- Substances are present in quantities greater than 0,1%.

It is not responsibility of leather goods manufacturers to register the substances and their relevant use.

Whit reference to your request, we inform you that our products di not contain any of the substances included in the candidate list in quantities greater than the levels set by the aforementioned EC Regulation.
